

Sudan's War

A Story of Colonialism, Betrayal and Deception

**“The horror unfolding in Sudan knows no bounds”
UN Human Rights Chief, Volker Turk**

The brutal conflict in Sudan between the Sudanese Armed Forces (SAF) led by General Abdel Fattah al-Burhan, de facto ruler of Sudan, and the paramilitary group, the Rapid Support Force (RSF) headed by Mohamed Hamdan Dagalo (“Hemedti”), previously al-Burhan’s deputy in the Sovereignty Council, has now entered its 3rd year. Some estimates put the death toll at 150,000 with heinous atrocities committed by both sides including cold-blooded executions, torture and mass rapes. Ethnic Cleansing has also been reported with massacres perpetrated in various towns, villages and displacement camps. The war has also triggered the largest global humanitarian crisis; the largest displacement crisis in the world with more than 14 million displaced; and the world’s largest hunger crisis with half of the population of 50 million facing starvation. Hunger has also been used as a weapon of war.

The humanitarian disaster in Sudan is “not just a crisis, it is a poly-crisis affecting every sector, from health and nutrition to water, education and protection”

However, this conflict has been described as the “Forgotten War” and “an invisible and hidden crisis” for it has not received the global attention and international media coverage that it deserves. The Prophet (saw) said: **«قَتَلَ الْمُؤْمِنِينَ فِي تَوَادِهِمْ وَتَرَاحِمِهِمْ وَتَعَاطُفِهِمْ مِثْلَ الْجَسَدِ إِذَا»** **«The believers in their mutual mercy, love and compassion for each other is like a body. When any limb is in pain, the whole body reacts with sleeplessness and fever.»** Therefore, the Women’s Section in the Central Media Office of Hizb ut Tahrir have launched a Global Campaign to bring an international spotlight on the deteriorating humanitarian catastrophe afflicting the Muslims of Sudan. The campaign, entitled,
